Enchanting Interiors

Whimsical walls, trending decor, and all the indoor inspiration you need

Austin's Best Interior Designers

We polled homeowners and industry pros to create this resource of the top interior designers in the Austin area

WHAT IS ONE DESIGN "RULE" YOU THINK SHOULD BE THROWN OUT?

"The idea that painting a small room dark makes it feel smaller. Small spaces can feel special and add depth when painted a dark moody color."

CHRISTINA CRUZ INTERIORS

"Don't stick with just one aesthetic! A mix-up of styles, historical elements, and things you love from travels and different periods of your life are what make personal and storied spaces."

STUDIO BURGOON

"Don't be afraid to mix metal and wood tones. Some of our clients feel the wood and metal should match throughout the home, but we love a space with more layers and variation."

SLIC DESIGN

"White ceilings! We love bringing the fifth wall into the design of the room, rather than just trying to ignore it."

How This List Is Made

Using an online survey, *Austin Home* solicited peer and public nominations, asking voters to nominate up to three interior designers they've worked with or know to produce outstanding work. *Austin Home* then tallied the results, selecting the top percentage of vote recipients before submitting the final list to our fact-checking process. Companies do not and cannot pay to be a part of the list. We recognize that many good interior designers are not included on the list; this is only a sampling of a huge array of talented professionals within the region. We encourage all consumers to do their own research before selecting an interior designer.

Austin Home uses best practices and exercises great care in assembling content for this list. It does not warrant that the data contained within the list are complete or accurate. *Austin Home* does not assume, and hereby disclaims, any liability to any person for any loss or damage caused by errors or omissions herein whether such errors or omissions result from negligence, accident, or any other cause.
